CONFIDENTIAL REPORT

TO: Rev. John B. McCormack
FROM: Sr. Catherine E. Mulkerrin
RE: Thomas Forry - Report subsequent to December 22
chronology
DATE: January 8, 1993

1. ██████████ - Called on December 22, 1992 Significant change in tone. Feels diocese should carry on its own investigation. He does not want to be named - fear of reprisal. (Past - bad experience also in a church related project - mentioned Father Groden and ██████████) Tony will also contact his son ██████████ to persuade him not to give his name. Will reconnect after holidays.
2. Archives - 12/31/92 - See attached letter - No direct allegation about ██████████, but fact of hospitalization in psychiatric unit (██████████ is French-born,)
3. Father T. Oates - 12/31/92 - Telephone conversation with CEM. He called in T. Forry at request of B. Daily. Went over fact that T. Forry was gone all the time from parish, leading a double life . . . "He came apart-wept in my office for hours." T. Oates interpreted it, "He's relieved." Arrangements made for St. Michael Institute, St. Louis. In joint meeting of T. Oates, T. Forry and counselor - recommendation was that he stay - be hospitalized, sedated. Strong resistance - "He (T.F.) came home with me. The report would have gone to Cardinal Law. Institute "wrung their hands of him."
4. ██████████ - 1-7-93 - Telephone call to CEM - conveyed to him that we cannot have an independent investigation. T. had checked with his son ██████████, who would be willing that his name be used. ██████████ "naively thinks his whereabouts will not be known or discussed." CEM - told him that we would still try to avoid using ██████████ name given the circumstances and Tony's great hesitation. ██████████ through some contact knew that T. Forry is out of the military, back in Boston. (Tony thinks this may be a contact in Scituate.)# ██████████ has recently spoken with his mother and feels that she was more aware of what was happening to him in past. ██████████ feels worse.

CEM reiterated our desire to support ██████████ for counseling. CEM will locate agencies in the Charlottesville area. ██████████ wants someone with some sensitivities about faith, belief.

CEM - OBSERVATIONS. January 8, 1993

1) Necessity of immediate contact with T. Forry - who will probably turn up at Priests Personnel one of these days. He has been looking over the scene in various parishes.

2) Without using [REDACTED] name - is there not sufficient material in a "past review" of cases to reopen need for assessment and/or completion of original therapeutic recommendations. (Ran this by W. Rogers - sounded OK to him)

- a) letter of [REDACTED] Forry
- b) comments of T. Oates
- c) our awareness of other documentation: 1) housekeeper
2) Aids patient

3) No report - any chance that BCL might have anything?
